Notes

1 Adjustment codes:

Non Attendance (NA) - The NHS Board may adjust waits if a person does not attend or rearranges an appointment. Their waiting time is reset to on the day that they do not attend or contact the service. The timing of the next offered appointment is a clinical decision.

Unavailability (U) - The NHS Board may adjust waits where a patient is unavailable for treatment. This period of time is subtracted from their total waiting time.

Refuses Reasonable Offer (RO) - The NHS Board may adjust waits if a patient refuses a reasonable offer (2 or more different dates of appointment). Their waiting time is reset to zero if it is clinically appropriate to do so. NHS Boards report that this happens very rarely as most appointments are

Unadjusted data is used where adjusted data was not available, this may be because the NHS Board did not have any adjustments for a particular month/quarter or because they are unable to submit adjusted data.

NHS Tayside is unable to submit waiting times data between 22 June 2017 to 31 October 2017 due to a system change.

NHS Borders have now submitted missing data for June 2018
